Chapter 10 - Data Retrieval in the Higher Dimensions

May 30, 2012

- 6:46 [piandjo](#): Evening everyone. May you awaken to the growing joy within you (i pirated this blessing from a lady named Glenda).
- 6:50 [mollymidway](#): we are live
- » good evening
- 6:51 [lost_horizon](#): Hello, all
- 6:52 [jimhodgkinson](#): Hi everyone
- 6:52 [pathworld](#): hi
- [simmontemplar](#): Hello everybody, great to be back
- [silverdale](#): Good evening One & AI!
- [pathworld](#): yes u good
- [lost_horizon](#): Hi, sounds good here
- [susankester](#): hello everyone
- [piandjo](#): David's mike good ,also Iven
- [pathworld](#): yes
- » i am get ready set go
- [hawklady](#): hello
- [pathworld](#): page 101
- » hi arsi and all
- [auriah](#): hi everyone!

- [pathworld](#): i would like to understand more about jacobs ladder how to use it and more about how it works etc

» hi auriah

- [lost horizon](#): Hi, Auriah

- [piandjo](#): Path, we are on the ladder now, as i understand it. We are on the totem, or the tree of life.

- [pathworld](#): ok

» ty piandjo

» I'm Jen and I'm addicted to busy

» new movie coming out next week ?jk

- [lost horizon](#): Actually, I've often wondered that myself

» what does the whole Prometheus story mean?

- [auriah](#): sorry, was afk

- [piandjo](#): Prometheus gave us fire-- a gift of grace?

- [jimhodgkinson](#): Like fire transformed- brought possiblity of human transformation

- [auriah](#): promethius gave man the divine spark, inner fragment of light of the gods

- [simmontemplar](#): he brought to human "knowledge" that according to the gods didn't belong to humans, that is why he got punished

- [auriah](#): the ability to become divine, and godlike

- [hawklady](#): that which burn the lower vibration

- [auriah](#): the knowledge to become so

- [piandjo](#): Once the gift was given of forbidden knowledge, you can't take it back, although we may wish we could.

- [sinhog](#): How is this different than the Serpent in the Garden story ?

» i.e. ,,, giving Man knowledge of the Gods

- [simmontemplar](#): David said something huge ! ..."misinterpretation" that is a key word
 - [lost horizon](#): similar, Sinhog, that's why I wonder
- » both stories can be interpreted more than one way
- [sinhog](#): k
 - [hawklady](#): because we were slaves at the time, we were not privy to that knowledge
 - [mollymidway](#): Quest for Fire?
 - [piandjo](#): Beelzebub tells his grandson that man had to be given this divine power because the stabilization of the creation required it.
 - [jimhodgkinson](#): sometimes the magic works and some times it doesn't
- » Little Big Man
- [lost horizon](#): their use of artificial brick (rather than natural stone) may have indicated an egotistical enterprise
- » hence the response from above
- [sinhog](#): interesting LH
 - [lost horizon](#): (got that from Koyote, only he went into detail)
 - [piandjo](#): the use of unleavened mortar (taphel in Hebrew) leads to failure of our structure. Egoistic intrusions must be removed first.
 - [lost horizon](#): thank you, Piandjo
 - [jimhodgkinson](#): page91 old
 - [piandjo](#): hope this perception is a helpful one.
- » The purpose of the shaman is not to help man as much as it is to help the Absolute.
- [pathworld](#): yes i agree Pianjo ty
 - [auriah](#): very helpful info here, thnx
- » love the papyrus of ani

» LMAO!

- [piandjo](#): chambers are beings

» >>or are they just the house where they live?

- [auriah](#): both

» ?

- [piandjo](#): ty

- [auriah](#): yes

» i'm NOT so good at avoiding stuff... » lol

- [jimhodgkinson](#): If we work for our own gain and not the good of all, we will be trapped in ego

- [piandjo](#): spot on, Jim

- [hawklady](#): yes, and it's so hard to shake that off

- [auriah](#): in a dream i had where i was attacked by (susan's and david's) said bear, I invoked presence and attention because it was all i knew to do. for a moment...

- [simmontemplar](#): the freedom of "choice", slave of the mechanics

- [auriah](#): i invoked a higher vibration and saw everything in the space very clearly and the essential being of the attacker and it was a split second of eternal recognition, awareness, nad crystal clarity before I dissolved/vibrated out of the space

» and crystal clarity before I dissolved/vibrated out of the space

- [hawklady](#): that's cool auriiah

- [mollymidway](#): nice

- [piandjo](#): Auriiah, you did this when confronted with an actual physical attacker?

- [simmontemplar](#): I guess that was the success of M. Ali, shapeshifting..."dance like a butterfly, sting like a bee"

- [pathworld](#): ya gj Auriiah

- [jimhodgkinson](#): If the only tool you have is a hammer, everything looks like a nail!

- [auriah](#): no, dream. of course i forgot much of it when i woke in the morning.
- [piandjo](#): Still impressive. thanks.
- [pathworld](#): ty for sharing
- » A man's work ends
- » opps
- [silverdale](#): Thanks David & Ivan for guiding our discussions this evening regarding shamanism ...
- [piandjo](#): Thanks, David and Iven, and all my classmates. You clarified some important things.
- [sinhog](#): Thanks David
- [hawklady](#): au are you sending the log dear
- [pathworld](#): Thank you David and Ivan and All
- [lost_horizon](#): Thank you, all
