- 7:14 [piandjo](#): tx
- 7:14 [smaragdigm](#): Houston, TX: some ad was blocking access to the page.
- 7:14 [hawklady](#): i added wrong the first time around
- 7:15 [myasaytin](#): only 4 missing, yeah
- » 5 now i guess,
- 7:16 [hawklady](#): ah attachments, that keep us away from our path, that's beautiful
- 7:17 [mollymidway](#): Janna, penn valley
- 7:17 [myasaytin](#): reminds me of Love 1.0 ej calls you the "soul Bird"
- 7:18 [smaragdigm](#): oh. I'm doug : -)
- 7:18 [lost_horizon](#): experienced at voyaging, I would imagine
- 7:18 [hawklady](#): does the number 30 have any kinds of significance
- 7:18 [piandjo](#): were they experienced in voyaging?
- 7:18 [auriah](#): holding attention and presence, holding the space
- 7:19 [hawklady](#): that's what i think au
- 7:19 [lost_horizon](#): yes, Auriah, thanks.. that's more specific
- 7:20 [pathworld](#): yes
- 7:20 [mollymidway](#): i just got here, it was another mollymidway occupant that asked for a roll call... anyway, i just got here, thx

- 7:20 [smaragdigm](#): : -)
- 7:20 [hawklady](#): it's an evolving space that we are in at the moment almost like it hasn't taken its full shape yet
- 7:20 [mollymidway](#): that's nice, hawklady
- 7:22 [jim_h](#): Need to be fearless
- 7:22 [piandjo](#): the group holds a common focus, a shared intention .
- 7:24 [pathworld](#): voyagers know how to move elegantly thru the space
- 7:24 [hawklady](#): it changes the space
- 7:25 [jim_h](#): Provide energetic jumpoing off point
- 7:25 [piandjo](#): e.j. to channel the disparate energies and focus them like a lens.
- 7:25 [pathworld](#): yes jim
- 7:27 [bardoman](#): I nice to see you again Iven and Dave...
- 7:28 [pathworld](#): good to see u back bardo man
- 7:28 [jim_h](#): old 120
- 7:28 [lost_horizon](#): hi, Bardoman
- 7:30 [pathworld](#): sense how to move elegantly thru space
- 7:31 [godfrei](#): what is the name of the man on the right?
- 7:31 [pathworld](#): they became part of the space
- 7:31 [silverdale](#): david franco
- 7:32 [mollymidway](#): is the man on the right
- 7:32 [piandjo](#): re. Iven's comments; science works on the instuments of observation, shamans work on the observer. and the quality of esperience.
- 7:32 [pathworld](#): space filed with meaning
- 7:33 [hawklady](#): do you know him Godfrei?

- 7:33 [godfrei](#): no » he is very good
- 7:34 [hawklady](#): yes, he is, we have been watching him for a few years now, welcome
- 7:34 [pathworld](#): yes thats why we here /he is a great teacher
- 7:34 [godfrei](#): thank you
- 7:36 [jim h](#): egos set aside -Self merges into Self
- 7:36 [pathworld](#): 30 merging into one
- 7:36 [auriah](#): they are in sync with each other, they develop a grp mind of a newly created being for that space/invocation

» yes jim, i agree

- 7:37 [hawklady](#): some times, you don't belong in that space as much as you want to be there
- 7:38 [auriah](#): there is a sense that any movement of 'self' and not in union with the group entity would create a break
- 7:38 [godfrei](#): ive experienced some of this before and been looking for it again for some time.....
- 7:38 [bardoman](#): This is very 'Meat 'N Potatoes'...
- 7:39 [pathworld](#): I like meat and potatoes
- 7:39 [bardoman](#): It's like balancing on a large beach-ball in the water...
- 7:39 [auriah](#): Hawk, for me it is the opposite more of a belonging, though sometimes the I of the ego doesn't want to be there...
- 7:39 [piandjo](#): makes me wonder what entity we, this group, have invoked, because its presence has been obvious to us all, and for a long time.
- 7:39 [auriah](#): doesn't want to be in the intense radiation.
- 7:39 [piandjo](#): makes me wonder what entity we, this group, have invoked, because its presence has been obvious to us all, and for a long time.
- 7:39 [auriah](#): doesn't want to be in the intense radiation.

- 7:41 [hawklady](#): i am talking about something different, but it evolved into something different, which i needed to hear
- 7:41 [jim_h](#): Sometimes the magic works and some time it doesn't -Chief Dan George (Little Big Man)
- 7:41 [hawklady](#): thank you au
- 7:42 [bardoman](#): Any movement into a 'Me' will throw the ball off balance...
- 7:42 [mollymidway](#): it was a visitation
- 7:42 [piandjo](#): conspire means "to breath together." very interesting.
- 7:42 [bardoman](#): Any thought of an individual will throw the ball off balance...
- » It must be 'ALL Pervasive'...
- 7:43 [auriah](#): CAn David restate the question?
- » thanks Iven! lol
- 7:43 [jim_h](#): It was formed from the group Self??
- 7:43 [bardoman](#): No group - No Ball...
- 7:44 [mollymidway](#): it was a visitation
- » upon a group gathered
- 7:44 [hawklady](#): moving into a new dimation
- 7:44 [mollymidway](#): gathered together by fate
- 7:44 [bardoman](#): Far out man!
- 7:45 [godfrei](#): a greater intelligence can emerge thru the strength of the collective and takes the opportunity...potentially creating a higher capacity and understanding for those present
- 7:46 [piandjo](#): something descended means we didn't » make it
- 7:47 [auriah](#): in the higher spaces and radiations.(?)
- 7:47 [lost_horizon](#): not of our making

- 7:47 [mollymidway](#): we made part of it, the part of it that is here
 - 7:47 [lost horizon](#): (I take it that's what you mean, Piandjo)
 - 7:47 [mollymidway](#): but it wasn't here until it was
 - 7:48 [auriah](#): descending means we created a space and attracted the attention of a higher being, by our collective energy, presence and attention. » (?)
- » we got out of the way, made room, in order that this could come through.
- 7:49 [mollymidway](#): it was a platform it could safely manifest in » or upon
- » or something
- 7:50 [auriah](#): i agree molly, i thinks to...
- » I find it very hard to articulate on this topic/subject...
- 7:51 [godfrei](#): when 2 or more are gathered in my name so shall I be there.....loose quote from the bible
 - 7:51 [auriah](#): yes G
 - 7:52 [hawklady](#): yes, yes, yes »
 - 7:52 [mollymidway](#): it got loose, lol »
 - 7:52 [smaragdigm](#):
 - 7:54 [godfrei](#): in my previous experience a tremendous power manifests thru the individuals.....creating a burning unlikely to manifest alone...
 - 7:57 [piandjo](#): breathing in tandem with others is a sure way of establishing deep rapport, more so than just matching and backtracking.
 - 7:59 [godfrei](#): isnt the focus of this work to create a vehicle capable of manifesting that greater energy/presence.....to become that.....and consistently bring forth higher qualities....?
 - 7:59 [piandjo](#): yes, godfrei, thats what we are aiming for.
 - 7:59 [silverdale](#): for sure - godfrei
 - 7:59 [mollymidway](#): i think so, Godfrei

- 8:00 [godfrei](#): thanks
- 8:00 [myasaytin](#): hell yeah
- 8:00 [piandjo](#): lol
- 8:02 [mollymidway](#): unrepeatabe everchanging forms all with a wonderful central focus
- 8:02 [myasaytin](#): ok backto dancing with the music then...
