- 6:58 **Silverdale**: Ditto on the vertical rectangular form to the left of the live image ...
- 6:58 **Beckysunnybrook**: David is partly cut off because of the set up.... odd. good, someone is centering it up.
- **Auriah**: hmm, even changing browser didnt work?
- **Lost_horizon**: (may need flash update?)
- **Beckysunnybrook**: ok. well, if ditto, I am not going anywhere else to fix it.
- **Lost_horizon**: oh, I think I know what's happening, at least in part
- **Pathworld**: hello all

- **Lost_horizon**: anyhow, it's either a JTV problem or a camera problem, don't know which
- **Pathworld**: talk after if thats ok
- **Silverdale**: Hi - Simmon!
- **Lost_horizon**: I'm guessing JTV

 - » the cut off side on the left that is.

- **Bagdafood**: haha
- **Beckysunnybrook**: yes, I hear fine
- **Lost_horizon**: stuff is happening over here too
 - » what's that, Becky? eh?

- **Beckysunnybrook**:

- **Mollymidway**: Please do a role call.
- **Beckysunnybrook**: ha ha.
 - » role call. HERE

- **Bagdafood**: im an EGGlington voyager and a Yonge Voyager .. wink wink
- **Simmontemplar**: The Anex in To Bagdafood
- **Bagdafood**: ah i used to work at Insomnia
 - » right by Honest Eds ... aaanyways
- **Simmontemplar**: I passby there all the time !! actually I biught on motorcycle from his owner
 - » bought
 - » great
- **Bagdafood**: hehe maybe well meet up later in future
- **Simmontemplar**: you bet
- **Bagdafood**: future bakery !!! lol

- **Simmontemplar**: hahahah !!!
 - » absolutely
- **Bagdafood**: and maybe your newmarket friend we could do some work together later
 - » kindof going against what we're reading though ... hehe
 - » k im silent now.
- **Jim_h**: Essential Self's habits
- **Beckysunnybrook**: Habits of seeing what you habitually see, and therefore it is a habit of seeing?
 - » sense seeing
- **Lost_horizon**: All Phenomena is Illusion
- **Jim_h**: "All" is the important word
- **Beckysunnybrook**: All being what all people agree on
 - » all being a group
- **Lost_horizon**: has to refer to bardo phenomena in this context, may or may not refer to sense world phenomena as well
- **Bagdafood**: it means the world is like magical and not what it seems to the senses
- **Godfrei**: nothing we perceive is as it seems
- **Bagdafood**: biological life support space system
 - » house
- **Markroche**: our work habits
 - » self-invocation, etc
- **Simmontemplar**: Illusion as that all what we perceived is filtered by HBM and just a subjective interpretation
- **Auriah**: ALL phenomena is illusion, all matter is energy, all and everything even us, our body, this reality, the separation of us from matter, the absolute... is illusion
- **Jim_h**: Nothing matters and it doesn't matter that nothing matters.
- **Beckysunnybrook**: senses=bardo=alive=seeingetc etc = all the same illusion
- **Lost_horizon**: yes, true.. Auriah and Becky
 - » senses are just another level of illusion
- **Beckysunnybrook**: yes Auriah
- **Lost_horizon**: so maybe a distinction without a difference
- **Markroche**: phenomena is a plural word. 'Is' is a singular verb. again pointing to the oneness of all the plural phenomena as a big singular thing
- **Beckysunnybrook**: I think we live in the bardos all the time.
- **Lost_horizon**: ^^ Yes, Becky.. thank you
- **Beckysunnybrook**: It is our living in the subjective worlds are all one, but seem different.
- **Lost_horizon**: I didn't mean to imply that it is "somewhere else"
- **Auriah**: yes lost, i agree too
- **Beckysunnybrook**: ^^
- **Auriah**: like that "distinction without difference"
- **Jim_h**: Just an equation in the mind of the Absolute
- **Lost_horizon**: the phenomena appear to us as we think they are, even at the physical level..
 - » the object I'm looking at is held together by forces, but I don't perceive the forces, I take them for granted
 - » all that is phenomena as well
- **Beckysunnybrook**: It feels a lot softer when you have that tool.
- **Lost_horizon**: more transparent
- **Beckysunnybrook**: more maleable
- **Auriah**: i agree lost, less 'wordly' important

- **Beckysunnybrook**: so what lost says is how we are carried along by our habits.
- **Auriah**: less separate, and makes me feel more in union with the energies around me and am.
- **Beckysunnybrook**: i mean they carry me through, (forces)
- **Lost_horizon**: <<< exactly
- **Godfrei**: it requires taking no position, not knowing, which is free of conflict
- **Beckysunnybrook**: You may let it penetrate you more if it isn't so scary.
- **Vadere**: less identified
- **Bagdafood**: destroyer of fears
- **Lost_horizon**: Just got that, what David is saying
 - » if ALL phenomena is illusion, then so am I also, at least as I experience myself here and now
- **Simmontemplar**: wonder, ...just like we do in dreaming. "all is like a dream"
 - » aka all is illusion
- **Auriah**: gosh yeah, that is so true what David said about the wonder and fearful of not knowing... yet its also a bit calming.
- **Bagdafood**: melt the cryystal
- **Auriah**: still
- **Beckysunnybrook**: even myself... man, Lost... that is a big one for sure.
 - » as i think i am
- **Auriah**: yeah huh? LOST as I experience myself here and now...
- **Beckysunnybrook**: Like if you put your finger out in the air you are touching yourself. child reality.
 - » swirling water in the bathtub and making your own fish.
- **Bagdafood**: thats nice
- **Auriah**: yes, it brings up a space for me... when I walked with my grandfather everything still and in that space I could see the atoms and molecules of energy, the vibration of the veil of phenomena, I was fascinated even though I didnt know what it was...
 - » the vibration of the veil of phenomena, I was fascinated even though I didnt know what it was...
- **Bagdafood**: deja vu matrix blip
- **Simmontemplar**: nicely explored Ivan and David
 - » and all the other's ideas
- **Lost_horizon**: (heh.. Bag.. I think she copied the text to make sure it wasn't cut off)
- **Auriah**: As a child I loved that space with my grandfather... like that calling Iven said
 - » yes LH, ty
- **Bagdafood**: thanks dad
 - » (friendly)
- **Auriah**:
- **Bagdafood**: hehe
 - » my city smells
- **Beckysunnybrook**: As soon as one says oh how I love that yellow flower, that makes it separate from you.
 - » I have felt that time and time again.
- **Bagdafood**: me too with spiritual images and ideas conrasting with more seemingly mundane things
- **Jim_h**: Attraction/Repulsion kicks us out of the chamber
- **Godfrei**: yes
- **Lost_horizon**: maybe that's the tree of the knowledge of good and evil, Becky..
- **Bagdafood**: yeah even with cqr's
- **Beckysunnybrook**: ^^ yes. that tree of separate things
- **Lost_horizon**: how to get kicked out of the garden...
- **Beckysunnybrook**: or the chamber.

- **Lost_horizon:**
- **Simmontemplar:** It boils to "Identification"
- **Beckysunnybrook:** id the thing and you lose the space
- **Bagdafood:** ill pick up my cqr's for a boost when i was'nt supposed and i lead myself downwards into distraction
- » or a mantra or something i think i need to help me but its out of place with the now vibe subtle current
- **Simmontemplar:** wonder, surrender ...just like we do in dreaming. "all is like a dream"
- **Jim_h:** Once again, nothing matters ...
- **Bagdafood:** pain?'
- **Simmontemplar:** I am there Jim
- **Markroche:** cleansing radiations
- **Auriah:** cleansing
- **Bagdafood:** spiders?
- **Lost_horizon:** cleansing or dissolving
- **Beckysunnybrook:** LOL spiders
- **Bagdafood:** im like .. is that a nother spider
- **Lost_horizon:** cleaning off the lens.. and when you're done there's nothing left
- **Bagdafood:** i just hate when they cleanse your nose and your eyes
- **Auriah:** nowhere and everywhere
- **Jim_h:** Heart of the L
- **Hawklady:** in your heart
- **Auriah:** just being, voyaging in the heart
- **Markroche:** where the heart is-lazardo
- **Auriah:** hehehe.. I seem to be a moment behing tonight
- **Beckysunnybrook:** true
 - » heart
- **Hawklady:** the L wod
 - » word
- **Beckysunnybrook:** don't kill the spider, he will just come again. LOL
- **Bagdafood:** lesbians
- **Hawklady:** lol
- **Bagdafood:** ah im in trouble now
- **Jim_h:** Don't get attracted or repelled
- **Lost_horizon:** I think for tonight it's Labyrinth
- **Bagdafood:** yeah lesbians in the labyrinth
- **Lost_horizon:** (also an 80s fantasy movie)
- **Auriah:** like teh stabinnng ecstssy of st teresa
 - » *the
 - » the state of grace descends
- **Bagdafood:** those hare krishnas on bay
- **Bagdafood:** haha
- **Lost_horizon:** (must be a Canadian reference)
- **Simmontemplar:** True Dan !
- **Bagdafood:** i was laughing at burger bomb i know not of jajaa
- **Jim_h:** 145 old
- **Lost_horizon:** apparent phenomena
- **Bagdafood:** 145 old?

- **Beckysunnybrook:** Jet flights is where I truly do mantram heavy and long. It's the speed and the uncontrollable space of a jet take off.
» it's that way it says in this chapter too.
- **Lost_horizon:** interesting analogy.. there is that helpless feeling of being on a plane with no way to control anything
- **Jim_h:** Page 146 old version
- **Godfrei:** how does this relate to need for discrimination
- **Simmontemplar:** Yes David, It's happening !!
- **Bagdafood:** yeah you still have to navigate through phenomena cause your so immersed in the illusion it runs deep
- **Lost_horizon:** we do not make any sudden moves
- **Auriah:** discrimination or discernment Goffrei?
- **Bagdafood:** and voyaging to heaven takes practice and expereince through sensations
- **Godfrei:** both
- **Lost_horizon:** like trying to leave the airplane while it's in flight
- **Simmontemplar:** I agree Bagda
- **Markroche:** don't rock the boat, don't upset the applectart
- **Bagdafood:** yeah we still got the karma of sleep and the rope of will and the dream of experience .. you can't just turn it off yet
» mark cirka
» toronto
- **Beckysunnybrook:** Hey Mark! Yah!
- **Bagdafood:** yeah non-imposition on the will of the world play
- **Godfrei:** its referring to reaction no?
- **Bagdafood:** equals equilibrium
» with phenomena
- **Auriah:** I think in that space it is easier to discern the phenomena and the information accessible allows one to see the right action or movement... that and practice.
- **Markroche:** like the guy responding inRaider's of the Lost Ark was a sort of a 'sudden move'
- **Lost_horizon:** I always thought it was an interesting portrayal
» never understood it this way
» wondered why (in the movie) the invocant had a different demise than the others
- **Auriah:** me either LH, interesting about movie ending. need to watch it again!
» yeah, huh!?!
- **Lost_horizon:** the others melted from the radiation; he exploded
- **Auriah:** (about the invocant)
- **Lost_horizon:** because he couldn't relax into it
- **Simmontemplar:** Jee !... the hour went fast
- **Beckysunnybrook:** If what we project turns the Shekinah into what it is, then making a fast move and fear would create more of that.
- **Markroche:** it did go fast, didn't it?
- **Beckysunnybrook:** Even if it looks really good and safe, it could be a monster
- **Bagdafood:** we were pretty active i could barely keep up
- **Simmontemplar:** True Mark
- **Beckysunnybrook:** Projecting that is a move, in the mind.
- **Godfrei:** succumb to pressure
- **Bagdafood:** like a butter tart

- **Beckysunnybrook:** How many times I have thought something was something it was not at all. It morphs and changes according to my own thoughts.
- **Bagdafood:** butter tarts ...
- **Lost_horizon:** that would be funny, Bag, if I knew what a butter tart was
- **Jim_h:** Fear
- **Bagdafood:** whaaat
- **Lost_horizon:** hee hee
- **Markroche:** part of the kicker seems to be that in those moments when the chronic defense mechanism kicks in
- **Lost_horizon:** forget that, it's beside the point
» perhaps an example of a sudden move
- **Bagdafood:** Molly said shapeshifters are everywhere
- **Markroche:** we aren't necessarily acting consciously, but unconsciously
- **Godfrei:** an external event vibrates with the inner pattern creating pressure..
- **Markroche:** and hence are more susceptible to sudden moves
- **Bagdafood:** so careful what you eat in the bardo, se said
- **Simmontemplar:** nice, ...nice...elegantly delivered David
- **Hawklady:** yes tonight
- **Markroche:** more minutes good here.
- **Beckysunnybrook:** sure
- **Markroche:** Hi Se
- **Bagdafood:** habits now i say
- **Beckysunnybrook:** if lven can get some water.
- **Vadere:** ok
- **Lost_horizon:** ah, I see, Bag
- **Bagdafood:** you see bag?
- **Lost_horizon:** what you said about "be careful what you eat.."
- **Bagdafood:** lol im jchatty today
» yeah definitely in my expereince
- **Lost_horizon:** All phenomena is illusion... neither attracted nor repelled... not making any sudden moves.. my habits will carry me through
- **Markroche:** Seems like one of those habits would be to keep remembering and reminding ourselves that
- **Simmontemplar:** those of the Essential Self
- **Markroche:** All Phenomena is Illusion
- **Simmontemplar:** habits...
- **Beckysunnybrook:** If you have habits of negative thinking, they certainly will carry you thru in a pretty rough way.
» what ever you develop is what you have.
- **Auriah:** I had to run for a minute, what happened after the "butter tart"?
- **Bagdafood:** regret
- **Lost_horizon:** good point, Becky
- **Godfrei:** the habit of that is built by doing what it says in .the first 3 points creates a momentum
- **Hawklady:** now, right now
- **Beckysunnybrook:** essential self develops if burnt a lot... ha ha... lots of cleansing radiations.
- **Markroche:** this seems where the statement from Buckeroo Banzai is relevant: No matter where you go, there you are.
- **Beckysunnybrook:** (Lost, like the other night with Koyote, I was truly burnt)
- **Lost_horizon:** no matter where you go, there YOU are

- **Bagdafood**: so you already have the habits for ascension its just bad habits that have been externally superimposed on your earthling personality reverb-code ???
- **Lost_horizon**: was wondering, Becky
» but in a good way, yes?
- **Beckysunnybrook**: yes
»
- **Lost_horizon**:
- **Beckysunnybrook**: (I had to do it... LOL)
- **Bagdafood**: gotcha
- **Lost_horizon**: Bagda, if you're lucky, you already have the habits for ascension... if not, your essential self needs to learn them, perhaps by getting burnt a bit
- **Bagdafood**: i was on the front lines 2 nights ago
- **Godfrei**: arent the habits were talking about once the 1st 3 have been worked with significantly?
- **Lost_horizon**: in the non-phenomenal way, I mean
- **Hawklady**: now David needs water
- **Bagdafood**: first 3 what ?
- **Lost_horizon**: first 3 lines, I think he means
» of the quatrain
- **Godfrei**: all phenomena is illusion
- **Auriah**: the first 3 lines of the quatrain?
- **Godfrei**: etc
- **Bagdafood**: oh
- **Godfrei**: yes
- **Bagdafood**: what is there other than relaxation stillness and opening
- **Lost_horizon**: the attraction / repulsion may be different for you than for others.. it's specific
- **Godfrei**: its the foundation of it
» but not always totally successful of course\
- **Bagdafood**: diffusion ...
- **Beckysunnybrook**: do you mean focus without looking right at it? Bagdafood?
» like in martial arts.
» attention without getting stuck on the object.
- **Auriah**: yes, thats part Becky
- **Simmontemplar**: I think the word is watch out for "seduction"
- **Bagdafood**: eyes technique .. k
- **Beckysunnybrook**: If I were to walk up on a giant spider, maybe it would help to not focus on it. LOL
- **Bagdafood**: well you can diffuse your organism into your environment or yeah your eyes into the light-face
- **Beckysunnybrook**: like a crystal melting into the surrounding waters.
- **Bagdafood**: my face is stuck
- **Lost_horizon**: what is it with spiders, tonight?
- **Bagdafood**: its harder than it sounds
- **Beckysunnybrook**: They have been in my laberinth LOL
- **Bagdafood**: an interpretation of cleansing guides
- **Lost_horizon**: ah
- **Beckysunnybrook**: true... a good guide.
- **Silverdale**: Thanks David, Iven, One and All for our voyaging experience this evening ...
- **Beckysunnybrook**: el spiders
- **Bagdafood**: love hurts

- **Hawklady**: wow chapter 15 friend
