07/25/2012

- 6:58 [piandjo](#): hi path. do you have sound?
- 6:59 [lost horizon](#): Hi, all
- 6:59 [silverdale](#): Good evening One & All!
- 6:59 [mollymidway](#): Welcome to Life in the Labyrinth
- 6:59 [jim h](#): Hi folks
- 6:59 [mollymidway](#): Janna here, penn valley
- 6:59 [hawklady](#): hello all
- 6:59 [pathworld](#): ya just be your self » hiya
- 7:00 [lost horizon](#): put the phone company on hold
- 7:00 [simmontemplar](#): Hello everyone !! ...hey NO SOUND here, how about the others ?
- [bagdafood](#): sound here man
- [lost horizon](#): I have sound
- [workin2bredy](#): hi Its neville
- [silverdale](#): Sound here - G.
- [lost horizon](#): Dan here, in the Ozarks
- [auriah](#): hi everyone
- [beckysunnybrook](#): hi auriah
- [lost horizon](#): Hi, Auriah
- [hawklady](#): h auria » hi
- [simmontemplar](#): HHaa !!! ...and there was Sound !! » Thanks Silver !
- [pathworld](#): Jenny here in corona
- [auriah](#): Auriah, so cal
- [jim h](#): Jim, Edmonton, Canada
- [bagdafood](#): Mark and Alex Stevens in Toronto
- [muspelspark](#): Tom in Belleville, Ontario
- [beckysunnybrook](#): Becky in Roseville, CA
- [hawklady](#): arsi, corona, ca
- [jim h](#): Foreign to the ego not to Essence
- [hawklady](#): when you recognize it, it's like i knew this, just forgot it
- [pathworld](#): we are one thousand of second ----
- [beckysunnybrook](#): to use is a natural thing.
- [lost horizon](#): no primate in its "right mind" would ever do it » hence "unnatural"
- [jim h](#): We're here and yet we resist. Very strange. » *resist
- [beckysunnybrook](#): it's fear of breaking out of laws that have been enforced that causes a recoil from essential potential
- [lost horizon](#): yes, but there's another aspect.. it involves a loss of the sense of being "in control" - the laws of the ego
- [pathworld](#): just a little
- [beckysunnybrook](#): yes. that aspect comes along with this freedom.
- [hawklady](#): was that 10,000 hours?
- [pathworld](#): yes
- [beckysunnybrook](#): ok yes! I am with that.

- [lost_horizon](#): lol
- [hawklady](#): 8760 hours in a year, if one never sleeps and just stays awake in more than one way
- [pathworld](#): i only have 9777 hours left
- [mollymidway](#): lol
- [beckysunnybrook](#): LOL path
- [pathworld](#): lol
- [lost_horizon](#): lol
- [hawklady](#): lmao
- [markroche](#): thanks for the elaboration Iven--very useful, and love the concept of what you're talking about.
- [beckysunnybrook](#): What Iven is saying is my habits will carry me through

» even if we don't know them yet

- [mollymidway](#): yes
- [beckysunnybrook](#): and may not ever. It would be continuance of the work.
- [hawklady](#): you bring it with you and you take it with you, when the clock stops ticking
- [markroche](#): I heard once that EJ advised for a particular someone to do readings for themselves but themselves at a much younger age

» which would seem to indicate having an effect on our pasts

- [hawklady](#): ah nice Mark
- [beckysunnybrook](#): meeting yourself from another time, another dimension. Nice Mark
- [markroche](#): which also seems to be what the prosperity orbs are largely about--sort of pictures of ourselves in other realms times and spaces
- [beckysunnybrook](#): Harvest is a good word to use in this. To harvest . nice
- [hawklady](#): i know, Mark is on fire today, we like it
- [mollymidway](#): i love the 21st century..we can talk like this out in the open
- [pathworld](#): yes molly
- [beckysunnybrook](#): no danger here.
- [mollymidway](#): that is good » here, too
- [markroche](#): it might be fun some night, for one of these sessions, if we each open up one of the prosperity orbs
- [bagdafood](#): like right after the talk we all go on an orb?
- [mollymidway](#): you can do so now
- [jim_h](#): Essential qualities such as Love are outside of time
- [markroche](#): and leave them on, and then have our life in the labyrinth reading session
- [mollymidway](#): that's a great idea, mark
- [markroche](#):
- [beckysunnybrook](#): children are the tibetans (the monks) who come to maintain the creation and it goes on just under our very eyes... and adults do miss this ... it's kind of an odd situation... this potential is right there.

» some adults too have realized the child in themselves and they gain back that freedom.

»

- [lost horizon](#): thank you, Becky
- [pathworld](#): yes ty very nice plz post becky
- [mollymidway](#):
- [beckysunnybrook](#): k
- [markroche](#): 'chemistry' in the higher dimensions
- [jim h](#): Different qualities of their energy fields - dense to fine
- [beckysunnybrook](#): It sounds like if you keep on knocking, searching and finding new ways to find the places, like in the Laberinth orbs, you may get to the place where the door actually opens.
- [markroche](#): plus, to what Piandjo just said, three oxygen atoms will never make water

» need other 'typicalities' as well

- [beckysunnybrook](#): it's a neat feeling when you get to the place where it opens for you in the orbs.
- [mollymidway](#): and you'll recognize it when you see it...
- [beckysunnybrook](#): yes. that beckoning and the sensitivity enough to recognize.
- [jim h](#): I'm earth, Taurean. Slow frequency, strong field
- [auriah](#): as a group it has taken a long time to understand and know each others comments or humor, and how each other moves(chats)
- [markroche](#): and we, our group, are the different 'elements' that make this group voyage, and where it takes us, possible
- [hawklady](#): just right David
- [beckysunnybrook](#): yes. this is a very wonderful place for starting off with that slice.
- [godfrei](#): hello » finally managed to get on teh chat
- [lost horizon](#): Hi, Godfrei
- [mollymidway](#): hola Godfrei
- [godfrei](#): Hola
- [pathworld](#): hello Godfrie
- [auriah](#): also we often change roles, sometimes quiet, or watching afk, on phone or sometimes the usually quiet person leads the conversation...

» we have taken the time to learn, nurture and cultivate the relatinshp of and within this group

- [beckysunnybrook](#): true Auriiah
- [mollymidway](#): yes, it's an act of decision, will, to spend time doing what we do when we come together
- [hawklady](#): maybe we should also have a yahoo group so we can continue the discussion when the class is over at the end of the hour
- [jim h](#): Stand on each others shoulders to make a pyramid
- [godfrei](#): group momentum
- [beckysunnybrook](#): (funny, but my grandson sent me his team number at the start of this meeting, his team number).

» i felt somehow it reached him. I haven't heard from him in 3 months.

- [mollymidway](#): that sounds excellent, becky
- [workin2bredy](#): using events from the past seems to be a matter of adding a kind of attention to the memory that was lacking at the time of the event. It may take 10000 hours, but the understanding blossoms in an instant. I have had the experience of listening to...
- [auriah](#): i like the idea of a forum hawk.
- [jim_h](#): Service = Compassion
- [beckysunnybrook](#): (it gave my heart a flutter)
- [hawklady](#): sweet Becky
- [mollymidway](#): very cool, neville, it has worked like that for me, too. sometimes
- [lost_horizon](#): Neville.. last sentence ended "experience of listening to..."

» cut off?

- [hawklady](#): bredy, our comments get cut off, if it's too long
- [workin2bredy](#): I have had the experience of listening to E.J. discuss a topic, and then months or years later, without warning, I suddenly wake up and exclaim to myself, "Oh, I see what he meant by that". It is sometimes a lengthy process of digesting the ideas.
- [hawklady](#): take it into your every day life
- [beckysunnybrook](#): (Workin2) that is what patience actually brings .. still able to remember, paying attention.
- [auriah](#): invoke the mood through presence and attention in the ordinary life job, with kids, driving, etc...
- [mollymidway](#): yeah, it's like some of this is self programming in the moment, but it's set to activate in the time of necessity, our past and futures
- [godfrei](#): you decide what is most important
- [beckysunnybrook](#): ha ha. time... how can you have time? courage! It takes real courage to not get shoved out.
- [jim_h](#): Just be
- [beckysunnybrook](#): the line...ha ha.
- [auriah](#): it doesn't take time, it just takes willingness to invoke presence and attention, it requires a decision
- [jim_h](#): Do be, do be, do
- [godfrei](#): context
- [hawklady](#): i have a friend who leaves the whole shopping cart and leaves the store, lol

» just so he doesn't have to stand in line, to be with himself

- [beckysunnybrook](#): practice... it doesn't just fall in your lap. Breaking habits of fear and control over things.. it is a hard one to actually bust thru.
- [workin2bredy](#): Or an external shock strikes the memory at just the right spot.
- [markroche](#): and, in that line, having attention and presence, is, even if we say nothing, a way to have a freeing effect on others
- [mollymidway](#): yes

- [beckysunnybrook](#): it is.
- [auriah](#): i often feel frustrated when i have to stand in line, until i realize "what am i in a rush for?" and then decide to BE, and invoking presence and attention I often have surprising and pleasant interactions with the teller, cashier, ticket taker, etc...

» and pleasant interactions with the teller, cashier, ticket taker, etc...

- [jim h](#): Ensign Ricky
- [lost horizon](#): lol Iven
- [beckysunnybrook](#): I like the usage of the word, Uterine ambience of our immediate surroundings.
- [lost horizon](#): don't go voyaging with a red shirt on...
- [mollymidway](#): lol
- [auriah](#): lol
- [beckysunnybrook](#): why not ? ha ha.
- [auriah](#): true LH
- [hawklady](#): lol
- [auriah](#): the trekie with the red shirt on the away team always dies
- [mollymidway](#): red is a good color
- [jim h](#): Yea - Auriah, Ensign Ricky
- [hawklady](#): i love red
- [bagdafood](#): oh voyager's on at 11 in canada
- [hawklady](#): maybe im a red tail hawk!
- [workin2bredy](#): occasionally I hear a calling to interact with someone that comes with a special set of sensations, that is much different than the impulse to give out free advice to others.
- [beckysunnybrook](#): reciprocation excellent!

» union with...

- [lost horizon](#): This also may be the first time in human-primate history that this kind of description could have been made
- [markroche](#): not this one per se, but in a lot of EJ's books he specifically recommends reading them out loud
- [beckysunnybrook](#): thank you very much!
- [lost horizon](#): as opposed to the symbolic and mythical language of prior ages
- [godfrei](#): thank you
- [silverdale](#): Thanks David & Ivan -One & All!
- [sinhog](#): Thanks all
- [hawklady](#): yes LH, we have the luxury to be able to look beyond our HBM
- [beckysunnybrook](#): Good night! All! be around in the wafting dimensions of macro/micro intertwining.
- [markroche](#): it seems would be useful with Life in the Labyrinth as well--my experience anyway--
- [mollymidway](#): goodnite, ditto tanks to all
- [pathworld](#): Thank you all David and Iva and all Poggies

- [lost_horizon](#): analysis is modern myth, and it's useful
- [hawklady](#): thanks every one
- [simmontemplar](#): Thank you and great to be with you
- [godfrei](#): pathworld i didnt get your FB friends request
- [markroche](#): kind of makes it get activated a bit more in one's inner neurology,
- [workin2bredy](#): Thanks everyone
- [lost_horizon](#): Thank you, David, Iven, and everyone
- [lost_horizon](#): Thank you, David, Iven, and everyone
- [pathworld](#): ill try again Godfri
- [markroche](#): especially if practicing what EJ has said, each word a universe.
- [jim_h](#): Thanks everyone.
- [godfrei](#): Iain Watson Thailand
- [pathworld](#): » k
- [auriah](#): Well spread it out farther onto Justin HARRY!
- [beckysunnybrook](#): Hi Iain Watson!
- [godfrei](#): hi becky
- [markroche](#): and, in my experience, especially if one somewhat exaggeratedly acts it out as well
- [hawklady](#): are you interested in a yahoo group David?
- [lost_horizon](#): Goodnight, David
- [beckysunnybrook](#): ah ha! Magic Table! Nice.
- [hawklady](#): au i'll send you an email
