- 7:06 [simmontemplar](#): I am back on line; sorry folks, I tried to make the connections to be able to call but It was a disaster
- 7:06 [silverdale](#): George - Seattle
- 7:06 [piandjo](#): texas, that is!
- 7:06 [susankester](#): susan from Denver
- 7:07 [winnipeg9](#): mark mcgibbon
- 7:08 [hawklady](#): it's always hard to type in this chat room, it misses letters here and there
- 7:08 [pathworld](#): so you mean i get better everytime hum
- 7:09 [mollymidway](#): eternal return
- 7:09 [silverdale](#): I have noticed that too - Hawk ...
- 7:09 [piandjo](#): will i mis-type the same letters every occurence, or will my typing improve/  
» ?
- 7:10 [auriah](#): my ego denies all knowledge of such contract, but my essence remembers
- 7:10 [silverdale](#): Be conscious and mistakes won't happen ...
- 7:11 [piandjo](#): Have we already signed that contract? How could we know? The fact we are here suggests" Yes". » nce Auriiah. Must think about this.
- 7:11 [hawklady](#): contracts can be undone, but that's for another time
- 7:11 [auriah](#): yes Piandjo
- 7:12 [hawklady](#): i can hardly hear Susan
- 7:13 [mollymidway](#): it is hard to hear her, yes
- 7:13 [susankester](#): i'll try harder to speak up
- 7:13 [hawklady](#):
- 7:13 [mollymidway](#): it's not you, its the phone...but shout if you can
- 7:14 [hawklady](#): "it's not you, it's me" i heard that before

- 7:14 [mollymidway](#): david looks at the phone, it helps him hear ;0 »
- 7:14 [adlucem](#): Iven, yes!
- 7:14 [mollymidway](#): i'm six feet away
- 7:14 [beckysunnybrook](#): That makes a lot of sense Iven.
- 7:15 [winnipeg9](#): here, with magnetic center
- 7:15 [beckysunnybrook](#): that feeling of isn't there anything more to do, that really matters?  
» that is so right on   » Would having a memory that survives death help in this?
- 7:18 [piandjo](#): good question, Becky
- 7:18 [markroche](#): Halloween is a good day for asking the question David just asked  
» what tone do we want to create this day?
- 7:19 [simmontemplar](#): yes Mark !
- 7:19 [mollymidway](#):
- 7:20 [markroche](#): one of the few days in our culture where we are encouraged, or even allowed, to do so.
- 7:20 [mollymidway](#): i feel massive resistance against remembering   » plus it's not encouraged  
» ghosts   » but david has good ghosts   » kwan yin is there
- 7:21 [simmontemplar](#): I think what we are already as we are "is" that memory in itself
- 7:21 [beckysunnybrook](#): ty David
- 7:22 [mollymidway](#): it's a live memory
- 7:22 [markroche](#): there is a Memory Remedy Orb on Urthgame(dot)com in case anyone didn't already know that.
- 7:22 [beckysunnybrook](#): a different kind of memory.This is most useful.
- 7:22 [silverdale](#): Well said - Simmon ...
- 7:22 [simmontemplar](#): Tks Silver

- 7:23 [beckysunnybrook](#): ty Iven. When you want to, or really need to, you will remember. pressure points maybe. ty I too have seen this happen. It is real to me.
- » To put yourself in the radiations of the Being, to know the influence is needed in that school.
- 7:25 [mollymidway](#): the school will pick u up by the scruff of the neck and bring you home
- 7:25 [beckysunnybrook](#):
- 7:26 [adlucem](#):
- 7:27 [beckysunnybrook](#): ha ha.Poison pill.
- 7:27 [auriah](#): sadly most times, ungraciously
- 7:27 [hawklady](#): I so wish I had one of those this week Becky!!
- 7:28 [beckysunnybrook](#): ha ha. I know what you mean HL
- 7:28 [hawklady](#): Yes Auriah so ture
- 7:28 [auriah](#): and grudgingly... lol, although i'm getting better now, and sometimes even gratefully » now
- 7:29 [hawklady](#): it's always on the cost of somethig very important
- 7:29 [simmontemplar](#): I took the obligation when I choosed the "red pill"
- 7:29 [pathworld](#): 15 on line 20 viewers
- 7:30 [silverdale](#): Matrix - great movie ...
- 7:30 [auriah](#): it doesnt always have to be the cost, HL, but i know what you mean...
- 7:30 [hawklady](#): Ah, then that's my ticket
- 7:31 [auriah](#): it was mine too HL, but its changing
- 7:31 [piandjo](#): very evocative idea, Smon. Could you expand on it?
- 7:31 [hawklady](#):
- 7:31 [beckysunnybrook](#): Red Pill = Poison pill LOL

- 7:32 [simmontemplar](#): reference to Neo on The Matrix » Morfeo offers to him the blue or red pill
  - 7:32 [auriah](#): recently, when i see the obligation coming, see the opportunity, as it fits more and more to my life plan- MY Work, the cost is only minimal
  - 7:33 [simmontemplar](#): if he takes the blue he will wake up as always is and was; if he takes the red he will "see" the world as really IS
  - 7:33 [mollymidway](#): the cost is the thing itself
  - 7:33 [auriah](#): yes
  - 7:33 [piandjo](#): thank you,simmon. very interesting idea.
  - 7:34 [simmontemplar](#): Y W . Piandjo !!
  - 7:34 [hawklady](#): yes very interesting Simmon ty
  - 7:34 [simmontemplar](#):
  - 7:35 [beckysunnybrook](#): Simmon, truly Neo was in a place where he needed to make that choice. It was so obvious and he was in a very key place, to help and be responsible.
  - 7:35 [auriah](#): the teacher is the self,its within the self, our life » it works externally as it does internally
  - 7:36 [simmontemplar](#): Totally Becky ! ...aren't we in the same situation some how ?
  - 7:36 [beckysunnybrook](#): maybe so Simmon, that movie really was an eye opener to me in my path.
- » synchronicities so many, just like in the movie...
- » you can't ignore these.
- 7:37 [simmontemplar](#): the same feeling had Neo Becky; like you
  - 7:38 [piandjo](#): or (D) all of the above/
  - 7:38 [beckysunnybrook](#): yes, very excruciating in not being able to run away any longer.
  - 7:38 [hawklady](#): like we are doing here for this book, working together

- 7:39 [auriah](#): as we walk into and through our lives we present ourselves with everything we need ( teachings situations, people) to learn and grow, if only we see and recognize them » there are so many levels and layers to this chapter, in particular that paragraph!
- 7:40 [mollymidway](#):
- 7:40 [simmontemplar](#): Susan is in reference that I did my obligation when I took the red pill
- 7:41 [hawklady](#): Would there be many red pills in our lives, as we move through it or just one?
- 7:41 [beckysunnybrook](#): yes, choosing to take that obligation.
- 7:41 [mollymidway](#): a pill is a pill...difficult!
- 7:41 [jim h](#): Perhaps all esoteric works are our teacher as long as they lead to Prayer Absolute
- 7:41 [beckysunnybrook](#): Good question HL!
- 7:41 [auriah](#): yes
- 7:41 [pathworld](#): yes
- 7:41 [hawklady](#): yes
- 7:41 [vadere](#): yes
- 7:41 [mollymidway](#): yes
- 7:41 [simmontemplar](#): I think there is a "first" one but then we have to continue in small doses
- 7:42 [beckysunnybrook](#): yes! » in super effort » not getting seduced by comfort
- 7:42 [pathworld](#): a circle of friends » im here
- 7:42 [mollymidway](#): janna is here...molly will come
- 7:42 [beckysunnybrook](#): to help
- 7:42 [mollymidway](#): someday » hi ya'll »
- 7:43 [simmontemplar](#): Indeed David
- 7:43 [adlucem](#): yes
- 7:43 [pathworld](#): yes

- 7:43 [mollymidway](#): yes
- 7:43 [auriah](#): yes
- 7:43 [jim\\_h](#): yes - especially when we struggle
- 7:44 [simmontemplar](#): on spot Jim !
- 7:44 [beckysunnybrook](#): Thank goodness for that perspective which is given.
- 7:45 [mollymidway](#): i like it
- 7:45 [piandjo](#): Seems we have passed through another note of the octave of this group tonight, just a few minutes ago.
- 7:45 [auriah](#): yes, i felt it too
- 7:45 [hawklady](#): yes
- 7:46 [mollymidway](#): it's the intention to offer hospitality
- 7:46 [markroche](#): wheresoever two or more are gathered in my name, there i am among them
- 7:46 [adlucem](#): yes, me too
- 7:46 [mollymidway](#): to ourselves and others
- 7:46 [simmontemplar](#): we closed the circle !
- 7:46 [piandjo](#): wow!
- 7:46 [auriah](#): yes simmon, it was sealed
- 7:46 [lost\\_horizon](#): Yes
- 7:46 [mollymidway](#): sh.... » be nameless...go to the scary parts
- 7:47 [beckysunnybrook](#): :-0
- 7:47 [markroche](#): or, in Halloween terms, Earth Air Water and Fire, in a circle we conspire
- 7:47 [auriah](#): i go with you molly, i'll go with you into the dark to find the light
- 7:48 [beckysunnybrook](#): I can share my flashlight with you.

- 7:48 [simmontemplar](#): nice word you use Au , ..."sealed"
- 7:48 [mollymidway](#): brotherly love » ty auriiah
- 7:49 [simmontemplar](#): Dan the man !
- 7:49 [hawk lady](#): i believe this is changing to sisterly love this year
- 7:49 [auriah](#): nice hawk
- 7:49 [mollymidway](#): we are family!
- 7:49 [simmontemplar](#): super cool !
- 7:51 [beckysunnybrook](#): Thanks Molly. Can you pass the potatoes and salad please.
- 7:51 [simmontemplar](#): hahahh !!
- 7:51 [mollymidway](#): sure
- 7:51 [simmontemplar](#): Love you Becky !
- 7:51 [beckysunnybrook](#): oops, I mean the oatmeal gruel » thanks for that love Simmon. I too love you and everyone here for coming. The food is wonderful.
- 7:52 [mollymidway](#): oh ! » i was thinking pizza and ice cream
- 7:52 [beckysunnybrook](#): (that is what they had to eat in the Matrix in the real world)
- 7:52 [mollymidway](#): but potatoes and salad are better
- 7:52 [beckysunnybrook](#):
- 7:52 [simmontemplar](#): you truly are funny gal...
- 7:52 [beckysunnybrook](#): I agree
- 7:52 [mollymidway](#): oh really, in the Matrix? oh. that's a relief • » i thought in the matrix there wouldn't be nothing » but ideas
- 7:53 [adlucem](#): Wow.
- 7:53 [beckysunnybrook](#): well, in the Matrix it was like being in the place with the absolute, who is alone and staving off the end. » The ideas were all located in the virtual world. » that is, the illusions

- 7:54 [mollymidway](#): as objects or traps
- 7:54 [beckysunnybrook](#): well, places to traverse. » a place to keep surviving.
- 7:54 [mollymidway](#):
- 7:55 [hawklady](#): Our life is our work, wow that's beautiful
- 7:55 [pathworld](#): our life is our work whoo
- 7:55 [beckysunnybrook](#): ah yes, what are we writing?
- 7:56 [hawklady](#): jump off the cliff
  - 7:57 [beckysunnybrook](#): risk, trying to see more, behind the phenomenon, and see what is behind it all.
  - 7:57 [simmontemplar](#): uuhhh Hawk L , and survive !
  - 7:57 [hawklady](#): There is nothing else to do but survive
  - 7:57 [beckysunnybrook](#): or find out that you still are here HL
  - 7:58 [markroche](#): an curious to know what 'for the perfection' of our lives means, specifically?
  - 7:58 [hawklady](#): same place,same HBM, different energy
  - 7:58 [markroche](#): perfecting exactly what?
  - 7:59 [pathworld](#): we are gem perfecters
  - 7:59 [simmontemplar](#): great exploration Mark
  - 7:59 [beckysunnybrook](#): What is perfection? A good question.

» is there such a thing?

» (pure love unassuaged of lust for result)?

  - 8:00 [piandjo](#): An extraordinary night together. I am very grateful for us. Maybe that is the perfecting, when no longer "me", but "us"
  - 8:00 [markroche](#): Happy Halloween to One and All
  - 8:00 [beckysunnybrook](#): Us indeed!

»

  - 8:00 [markroche](#): it did feel for us-ish
  - 8:00 [beckysunnybrook](#): One in the Absolute!
  - 8:00 [markroche](#): \*more, not for
- 8:00 [jim h](#): simmon - free in 15 minutes?

- 8:01 [piandjo](#): us-ish indeed! lol
- 8:01 [simmontemplar](#): of course J
- 8:01 [hawklady](#): and we continue to claim different aspect of our group » nice
- 8:04 [silverdale](#): Thanks David & Iven, One and All for participating in this Circle of Friends ...
