8:10 **Hawklady:** Yeah

8:11 **Piandjo:** Aen

» Amen

8:16 **Jim h:** I've started to noticed the transitions - between attention and machine sleep. I'll inhale deeply . Like passing through a doorway

8:17 **Simmontemplar:** a breath of intentionality Jim !!

8:17 **Jim h:** Ah!

8:18 **Simmontemplar:** intentiallity=willed

8:18 **Jim h:** Have to have the will to keep coming back to attention from out of a sea of sleep

8:19 **Simmontemplar:** isn't it for all JIm?!!

8:20 [Jim\\_h](#):  
8:20 [Piandjo](#): Very strange, Jim. I also notice i take a long inhalation when i "come to " out of the fog, and then things brighten up all around me.  
8:21 [Jim\\_h](#): Its great to feel/know we're not alone.  
8:21 [Piandjo](#): When asleep but not snoring, i walk from room to room with no intention.  
8:22 [Hawklady](#): for me it's a veil that comes off from my face giving way to a beauty i had not noticed before that second right in front of me  
8:22 [Jim\\_h](#): Also from room to room in loops in our minds  
8:22 [Piandjo](#): yes,jim  
8:22 [Hawklady](#): yes Jim, i can so relate to that  
8:23 [Piandjo](#): wandering without wonder  
8:24 [Hawklady](#): I crack my figures  
8:24 [Piandjo](#): nice, hawklady  
» re. the veil dropping  
8:26 [Hawklady](#): ::  
»  
8:26 [Jim\\_h](#): My mind is crazy moron - repeating the same crap over and over. Shhh - don't tell it but its days are numbered.  
8:27 [Hawklady](#): I wonder if that's a karma Jim that is getting ready to be relased  
8:27 [Markroche](#): our life work, literally a job  
8:28 [Piandjo](#): may the days of all our monkeys be numbered!

8:29 [Jim\\_h](#): Hear Hear8:29 [Hawklady](#): Amen  
» Where is Susan?  
8:30 [Mollymidway](#): Susan is here, I think  
8:31 [Susankester](#): I'm here but under the weather today, sorry  
8:31 [Hawklady](#): I'm sorry to hear that Susan, I hope you get better soon.  
8:32 [Jim\\_h](#): Sorry to hear that Susan  
8:32 [Hawklady](#): Is our chamber different today, i can't quite place it. Anyone?  
8:32 [Silverdale](#): Sorry to hear that Susan. Hope you will feel better ...  
8:32 [Markroche](#): maybe its the weather that should be sorry, not you Susan, hope you feel better  
8:33 [Susankester](#): thanks all, I feel the love  
8:33 [Jim\\_h](#): Kind of an airy expansivess - expanding/contracting like a heart  
8:34 [Markroche](#): the Sheriff of Observation  
8:34 [Jim\\_h](#): Previus comment for Hawklady  
8:35 [Piandjo](#): Marke,LOL

8:37 [Hawklady](#): Yes Jim, I still can't place it, maybe it has something to do with the actual chapter!! Or just me!!!  
8:40 [Jim\\_h](#): Work requires effort  
8:40 [Texasrosie](#): gratitude  
8:41 [Simmontemplar](#): Etions by election and not by reaction  
» Emotions  
8:41 [Jim\\_h](#): Gratitude then compassion - open heart meditation  
Voluntarize emotions by seeking/ experiencing awe in everything we see and in every event. Fro vedana to samadhi.  
8:43 [Markroche](#): becoming Krishna as the charioteer on the Kurukshetra battlefield  
8:50 [Simmontemplar](#): Question: where is "adoration" in this exercise

8:52 **Piandjo**: thanks, mark  
8:52 **Hawklady**: ;\lol  
» lol  
8:52 **Simmontemplar**: I become aware and just observe; for me there is not adoration, but witnessing  
8:52 **Pathworld**: im rocking in my desk chair using right ball of my foot while watching this  
» and i love it ?  
8:53 **Jim\_h**: Witnessing leads to compassion and adoration  
8:54 **Simmontemplar**: thanks David  
8:54 **Hawklady**: that's good news for me Jim  
8:54 **Markroche**: i  
8:54 **Jim\_h**: For me its a hope at this point  
8:55 **Markroche**: i've heard that adoration is an advanced step of observing the machine  
» tome it seems related to a growing appreciation of the machine as a transformational apparatus  
8:56 **Simmontemplar**: Compassion is a better fit word for this, ...I think, than adoration  
8:58 **Markroche**: btw an updated version of the Love remedy orb is being released on Urthgame today  
8:59 **Jim\_h**: Thanks Mark  
8:59 **Simmontemplar**: Interesting observation Mark, it does resonates what you said  
8:59 **Hawklady**: when David speaks like that my bodies vibration rises  
8:59 **Jim\_h**: Let the circle be unbroken  
9:00 **Winnipeg9**: mark that is my understanding also re adoration  
9:01 **Mollymidway**: appreciation and adoration seem to work well together  
» [dgfcpa@gmail.com](mailto:dgfcpa@gmail.com)  
» (David's email address)  
9:03 **Winnipeg9**: i felt like i was dancing with the machine  
9:03 **Mollymidway**: that is wonderful  
same time, same chapter  
9:04 **Piandjo**: thank you all, my friends, for your presence.  
9:05 **Hawklady**: good night you all, thank you David, Iven and everyone for the great energy  
9:05 **Pathworld**: Thank you all, David and IVan
