8:12 **Pathworld:** an old almost friend buddist nun came in to my life again

8:12 **Jim_h:** Used keywords during the work day - it does transport you - but I'm not very sensitive yet

» Can sense a small shift using, Pity, Yearning and becoming one

8:13 **Markroche:** Hi Everyone

8:13 **Pathworld:** she kept calling me a a healer hum i dont think of myself that way

8:14 **Silverdale:** Welcome MarkR ...

8:14 **Lost_horizon:** Hi, Mark

8:14 **Pathworld:** last 2post of mine go together

8:14 **Markroche:** for me, the formulation is beyond me and makes me feel a bit at sea

8:17 **Lost_horizon:** ok, Path

8:19 **Jim_h:** You have to really feel the different moods - pity, yearning, ignorance, communion

» they may require props to invoke

» postures, music, art etc

» has to be otherwise its just intellectual

8:21 **Winnipeg9:** focused attention int

8:23 **Hawklady:** i made it,

8:23 **Simmontemplar:** Hi everyone...(my apology for the distraction) but what time is it now in the Institute? I have felt victim of a change of time in Toronto I think...

8:23 **Lost_horizon:** it's 7:20 or so

» Pacific Time

8:23 **Markroche:** Hi Simmon

8:23 **Jim_h:** 7:23 Simmon

8:23 **Lost_horizon:** (Hi, Simmon)

8:24 **Silverdale:** Welcome - Simmon! ...

8:24 **Simmontemplar:** Thank you ! Hi Jim, Lost, Mark gret to be w / you

» Hey hello Silver !!

8:24 **Adlucem:** I feel sometimes as if I'm a key in a lock, or I am gently encased. I must be still and quiet.

8:26 **Markroche:** yes, feel like getting a little warmer

8:26 [Pathworld](#): yes sometimes i just know

8:30 [Lost horizon](#): (For David - 21 viewers, 12 logged in)

8:32 [Markroche](#): It just did pass me on the street. i was late cuz had to walk to a store and get water. Am in a weird space

8:33 [Jim_h](#): At this stage it requires faith if it has not been personally experienced

8:33 [Markroche](#): today because in a lot of physical pain. so was moving slow and quite spaced out and vulnerable.

Yet I had about five real impactful heartfelt interactions with different people in about 15 minutes.

8:35 [Silverdale](#): Mark sorry to hear you suffer ...

8:35 [Adlucem](#): nope

8:35 [Markroche](#): I attribute it to working on all this stuff and somehow being open to the higher space

8:36 [Silverdale](#): but you set an example as a spiritual warrior ...

8:36 [Markroche](#): Thanks Silverdale, been a tough day-lol

8:37 [Simmontemplar](#): I get what you said Mark; it makes sense

» you are "relating" from a more vulnerable place

8:38 [Markroche](#): despite the pain I was in, it was like being on a sort of magic carpet ride

i agree Simmon, the vulnerability was an opening key of sorts

8:39 [Simmontemplar](#): yas

» there you go !!

8:42 [Markroche](#): it was interesting because it made it easier both for others to access me and for me to access them

8:44 [Simmontemplar](#): Yes Mark !! but both parties had different reason to have accesibility to eachother. Their was a different access to you, becoause of you vulnerability. Yours was from a mood of consciousness

8:44 [Jim_h](#): OK - not faith if you are indifferent to outcome

8:47 [Markroche](#): a nice definition of 'faith' is the willingness to follow the truth wherever it leads.

8:51 [Simmontemplar](#): very in context

8:47 [Markroche](#): a nice definition of 'faith' is the willingness to follow the truth wherever it leads.

8:51 [Simmontemplar](#): very in context

» thanks Iven; the guide should have told them what the principle of the practice was.

» Otherwise is very easy to get carried in to our habits

9:00 [Markroche](#): would David please read Dante's words once again

9:03 [Simmontemplar](#): we "are" that Absolute crusified!

9:03 [Pathworld](#): he said peter i can see your house form here lol jk

9:05 [Lost horizon](#): (22 viewers, 11 logged in)

9:06 [Jim_h](#): will you suffer for Him?

» the question we ask ourselves

9:08 [Simmontemplar](#): there is a sacrifice !

9:08 [Markroche](#): what i sort of see is the man on the cross being crucified to the angel(creation, us, etc) and in this case the angel seeking

» to relieve his suffering, sort of doing the objective prayer attitude

9:09 [Hawklady](#): thank you David, Ivan and everyone , have a great week

9:09 [Lost horizon](#): Thank you all

9:09 [Jim_h](#): I have the log, thanks everyone

9:09 [Lost horizon](#): Goodnight

9:09 [Markroche](#): Thanks All, this helped me feel better.

9:09 [Adlucem](#): Thank you all!
