- 7:10 [Simmontemplar](#): Hi Auriah ! welcome
- 7:10 [Piandjo](#): hi auriah
- 7:10 [Pathworld](#): hi Auriah

» Hi simmon, Piandjo, and path
- 7:13 [Pathworld](#): cool abd next
- 7:13 [Jettorpedo](#): hi i like justin bieber music
- 7:17 [Pathworld](#): or food for thought

- 7:19 **Jim h**: Contact physical and otherwise allows something to occur
- 7:19 **Auriah**: its not easy to have that courage
- 7:21 **Pathworld**: true Auriah
- 7:24 **Auriah**: hehe
  - » its kinda like confession, an admission, and acknowledgement. lol
- 7:38 **Vadere**: hello
- 7:39 **Simmontemplar**: Hi Vedere !
- 7:39 **Silverdale**: Welcome - Vedere!
- 7:39 **Vadere**: thanks s
- 7:40 **Muspelspark**: We're here
- 7:41 **Auriah**: that about the courage to let something happen, two different points
  - » but it applies to both
- 7:41 **Simmontemplar**: Mention the two pints Au if you can
- 7:42 **Auriah**: David was talking about the courage to hang out to be there "to allow something to happen"
- 7:42 **Simmontemplar**: ok... and
- 7:45 **Lost horizon**: Also, the word "idiot" as it's used in this context does not necessarily imply stupidity, but "particularity"
- 7:45 **Simmontemplar**: nice option of words Lost
- 7:45 **Lost horizon**: it's about self-knowledge rather than judgement
- 7:45 **Auriah**: the toast of the idiots is like an acknowledgement and recognition of the ego and a sort of cleansing and getting out of your way... before the food (like confession before the eucharist)
- 7:45 **Simmontemplar**: thanks for expanding
- 7:46 **Auriah**: its a far reaching parallel, but still a confession none the less
  - » yes Lost
- 7:46 **Lost horizon**: ( If I remember right, "idios" means "particularity" in Greek, like "idiosyncrasy")
- 7:49 **Pathworld**: lol
- 7:50 **Muspelspark**: idio-, prefix meaning "private, distinctive, peculiar": idiopathic. -Free online dictionary?
- 7:51 **Auriah**: yes
- 7:55 **Pathworld**: yes but not in greek orthodox church
- 7:56 **Auriah**: yes, and sometimes confessing (admitting) to your self is harder that to another
- 7:56 **Pathworld**: true
- 7:57 **Piandjo**: yes, and more difficult
- 7:58 **Auriah**: a safe place to be in essence is key
- 7:59 **Susankester**: I agree Auriah
- 8:01 **Lost horizon**: I agree as well.
