- 7:08 [Pathworld](#): hi hawk
- 7:08 [Hawklady](#): top 147 sorry hi path, lost
- 7:09 [Simmontemplar](#): "Temporarily under the influence" ...interesting tip
- 7:09 [Jim h](#): We use the HBM to detect when we shift into angelic chambers
- 7:09 [Simmontemplar](#): Agreed Jim
- 7:10 [Markroche](#): or perhaps that the study of our hbm is enhanced by the assisting factor of the 'influence'
- 7:10 [Simmontemplar](#): Agreed too Mark !!
 - » very nice both ideas
- 7:11 [Markroche](#): y
- 7:13 [Lost horizon](#)
- 7:13 [Markroche](#): pretty much
- 7:13 [Simmontemplar](#): exactly was Jim said
- 7:15 [Lost horizon](#): (17 viewers)
- 7:15 [Markroche](#): not sure-lol
 - » i had said something like, "okay Raphael, don't know what is going on, but I am opening myself to you" and there was an almost
 - » immediate sense of something very big and very immediately responsive
 - » was wonderful but totally unexpected and somewhat overwhelming
- 7:18 [Simmontemplar](#): that is exactly what later the chapter describes Mark
 - » you were very attuned with your sensing to experience it
 - » great quote Silver ! thank you
- 7:23 [Silverdale](#): yw - Simmon ...
- 7:26 [Vadere](#): I am here
- 7:36 [Piandjo](#): The way David set it up was to essentially let the angels themselves pick the choirs.
- 7:40 [Markroche](#): from dictionary an official charged with special supervisory duties or with the enforcement of specified laws or regulations
 - » also means guardian or guide
 - » that was def. of 'warden'
 - » please read what i wrote
- 7:44 [Lost horizon](#): A warden takes care of a "ward"
 - » so caretaker fits also
 - » as in "cosmic maintainer"
- 7:50 [Simmontemplar](#): nicely exposed Dan ...cosmic maintenance
 - » Bass and guitar
 - » yes
 - » there is a mechanical aspect and there is an experience -knowledge aspect; but in one class you can ...play it
- 7:56 [Hawklady](#): practice
- 7:58 [Simmontemplar](#): I guess the same applies to the invocation of the Archangel
- 7:58 [Silverdale](#): Right - Simmon ...
- 7:59 [Simmontemplar](#): although mechanical is not the right word, perhaps "motor" is better
- 7:59 [Hawklady](#): and so the game begins

- 8:00 [Simmontemplar](#): yes Iven
- 8:01 [Markroche](#): Thanks Angels and All. G'nite
- 8:01 [Hawklady](#): thank you all
- 8:01 [Pathworld](#): thank you and goodnight all
- 8:01 [Simmontemplar](#): Thanks Harry !! Silver, Susan !
- 8:01 [Lost horizon](#): There's learning the mechanics, there's being competent, and there's playing with mastery and grace.
- 8:01 [Piandjo](#): goodnight all.
- 8:01 [Vadere](#): thank you
- 8:02 [Simmontemplar](#): David Iven and all of you
- 8:02 [Lost horizon](#): Goodnight all
» thank you
- 8:02 [Hawklady](#): yes lost
- 8:02 [Silverdale](#): Thanks David, Iven, One & All for a wonderful invocation this evening ...
