- 7:13 [Simmontemplar](#) let's ask to Hansel and Gretel what they have to say
Remind David of the story of the guards training in which in spite of having being shot, he remains clear

He often tells that reference

It comes very handy at the moment

Thank you Susan!

- 7:25 [Piandjo](#) hello, Tamara! We eagerly anticipate your insights.

- 7:27 [Simmontemplar](#) Yes, plenty
- 7:27 [PRO Puzzletricks](#) yes
- 7:33 [Simmontemplar](#) That's amazing Susan ! ..and you were some kind of "ready" to carry on with your attention
you had a very very rare opportunity to find out about it
- 7:36 [Susankester](#) but I couldn't hold attention both times, still have lots of work to do
- 7:37 [Simmontemplar](#) nevertheless, you had and experience very close to what we are ,literary, talking about
almost at a very high price
- 7:37 [Melissalorca](#) I had the same thing happen, Susan. Once I was able to maintain awareness, and once I just checked out.
- 7:38 [Simmontemplar](#) I am glad you came out of it

- 7:56 [Smaragdigm](#) Ah, I see Molly! :)
- 7:56 [Melissalorca](#) Wonderful, Janna!
- 7:57 [Piandjo](#) Janna, that was very helpful.

- 7:57 [Simmontemplar](#) That means that you have to leave the body in the position after death, for 72 hrs. ?
- 7:59 [Sylviarichardson931](#) (Star) True
(Star) the high energy is very prevalent
- 8:00 [Simmontemplar](#) I wonder if it would be the same when the body is going to be buried, -not cremated ?
would it do a difference?
- 8:04 [Sylviarichardson931](#) (Star) the energy of the dead is the same whether buried or cremated
(Star) from my experience as a mortician
- 8:08 [Simmontemplar](#) maybe the body is not yet dettached of the finner bodies yet, that's why we need some time to leave it alone to finnish that process
- 8:08 [Sylviarichardson931](#) (Star) i am talking about those hours
(Star) yes i have the ability to do so

call in

- 8:09 [PRO Puzzletricks](#) I second what Simmon said
