- 7:30 [Vadere](#) virtual connection bearing
- 7:30 [Gapalz](#) nice

- 7:33 [Mollymidway](#) don't be afraid, don't be concerned...no trepidation or anxiety... find the levity and rise to it? keep the clarity about us... concern is ok feels like, but let it be a motivation to offer levity and energetic tolerance, and we need to practice... don't blow it off... unless it's just a melody...to part the waters to be there, and be effective.
- 7:35 [Vadere](#) reactive state of being for indifferent state of being
- 7:41 [Pathworld](#) 20 on line 20 viewers
