- 7:10 [Piandjo](#) hello Shikoba!
- 7:11 [Hawklady](#) Hello Piandjo

- 7:11 **Gnosticman** I read with Puzzletricks, and I found that the consistency and slow pacing of her reading was a powerful attention magnet. Also noticed that the connection was essential to really hear the words. The words served less as typical verbal communication and more like signposts of what to attend to in the space. Just my personal reaction.
- 7:14 **Silverdale** Thanks for sharing - Gnostic ...
- 7:14 **Vadere** Thank you yes
- 7:14 **Simmontemplar** I am still waiting for Parworld...
Pathworld
- 7:15 **Hawklady** I know she is has out of town guests
- 7:16 **PRO Markroche** Would someone please share what the exercise was that David was referring to, and that he asked us if we had done?
- 7:17 **PRO Puzzletricks** Working with a partner, read the invocation and first 5 readings to each other.
- 7:17 **Piandjo** thanks, Gnosticman.
- 7:17 **PRO Puzzletricks** Yes, thanks Gnosticman!
- 7:18 **PRO Markroche** thank you Puzzletricks
- 7:19 **PRO Gnosticman** Mark . . . pairs of people read the first 5 readings plus the Obligatory Reader's Invocation. Then give feedback on delivery.
- 7:20 **Simmontemplar** Piandjo : What lecture will you do in those different situations? any specific in particular?
- 7:21 **PRO Markroche** thanks Gnosticman
- 7:21 **108repetitions** cosmos backstatge to the cosmic theater is not easy understund for the elements
- 7:25 **Piandjo** Simmon, not sure what you are asking. What "lecture?"
- 7:26 **Gapalz** Lorillilah and I read on secondlife 2x and it was/is great. Learning how to be read to and experienceing that space is very very important and profound. We come out of the exercise with gratitude.
- 7:27 **Simmontemplar** which one of all these lectures could be read to someone in need, not necessarily a person dying. Any reading number in particular, what section of this reading can we perform?
lecture 1? 2 ? or the 5 of them? ...does it matter in any case?
- 7:28 **PRO Markroche** If there is anyone who has not done the exercise and would like to, I would love to do so. You can contact me here or on facebook.
- 7:29 **Melissalorca** Mark, I'm doing it with Auntie, but I would like to read with you as well.
- 7:30 **Piandjo** You can never go wrong with the 4th reading--the confronting the Clear Light , Simmon.
- 7:30 **Simmontemplar** That's what I call "Let's be practical" ...great Silver

- 7:37 **108repetitions** the lower intellectual center awakens a special compassion for the other lower centers vibration readings rise to the larynx desaciendo karma projection traveler going through the cameras like the nape of the reader, there is no difference if the Absolute
- 7:38 **Simmontemplar** I am still waiting for my partener, is there anyone who would like to start with me?
- 7:41 **Silverdale** Simmon - I asked David about us partnering and he suggested we read with someone we normally don't know ...
- 7:41 **PRO Puzzletricks** I had a very physical reaction to the "air into clear light" section...
- 7:42 **Silverdale** Sounds like that worked for Judy and Pat ...
- 7:42 **Simmontemplar** I know Silver, I can understand ...Thank you George !
- 7:42 **108repetitions** hi Simone section
- 7:42 **Silverdale** it worked with Vadere and me ...

- 7:42 **Simmontemplar** Yes 108, Simmon here

- 7:43 **PRO Puzzletricks** The "air into clear light" section produced a feeling of intense happiness at a cellular level.
- 7:43 **Piandjo** Simmon I will always be happy to read with you.
- 7:43 **PRO Puzzletricks** Difficult to put into words!
- 7:43 **Muspelspark** I can Simmon too
- 7:44 **108repetitions** guides not interesting and down i can't
- 7:45 **Gapalz** By being read to we learned some things. Like maybe not to ring the bell with each reading of the first 5 readings. We also wondered if it is necessary to address the voyager by name before each of the 5 chambers, or only once at the beginning. Those types of details surfaced.
- 7:45 **Simmontemplar** Hey Pi ?? thank you so much to all the voluntaries, any one will do extremely well, you tell me. Harry you are reading with some one already ? how about you Mus?
- 7:45 **PRO Puzzletricks** Interesting comments Pat, I did feel as if there were two of me. The inner part was fully immersed and receiving these pictures, and the outer part of me was busy listening and lagging a second behind.
- 7:46 **108repetitions** starting the Veil
- 7:46 **Muspelspark** no i haven't started yet

- 7:48 **108repetitions** experience is only for the mental center flip

- 7:58 **Gapalz** Another example: as a voyager, I realized that my mind didnt settle down and get receptive to the reading until at least half way into it. Thank heaven it was a long reading! It showed that the invocation serves as a beacon, calling in the essential attention, the repetition of it will ring us in from afar.
- 7:58 **Melissalorca** It was very useful when my kids were teenagers.
- 7:58 **Simmontemplar** Ok M Spark, thank you, I will read it at the end of the reunion
