- 7:39 [Simmontemplar](#) I wonder if that is the same Clear light that the people with NDE experienced most of the times
- 7:39 [108repetitions](#) who are you? where am I? what they speak?  
if i am clear light why i am confronting to my self? do you exist or just bardo because of that
- 7:42 [Clearlight108](#) where is located the body of habits, in the heart?
- 7:43 [108repetitions](#) intelectual lower center or heart  
why are you so seriously says the Absolute
- i just forgot the bardo
- 7:46 [Clearlight108](#) thank you Silverdale very helpful
- 7:47 [108repetitions](#) if the Absolute sees itself on my face what i love for understund Beloved

- 7:49 [Piandjo](#) George; Our work here is learning how to substitute a habit of the Essential Self in place of one of the Historical Personality. The Book of Sacrifices are a series of instructions on how to effect this substitution.
- 7:50 [108repetitions](#) are you sure this is dream?
- 7:50 [Simmontemplar](#) In deed Silver; I think is good to remember that that "Will" comes from the Will of the ES, and not the usual "will" of the Machine, which is the one used habitually
- 7:50 [Silverdale](#) Absolutely correct ... Piandjo ...
- 7:50 [Piandjo](#) ty SD
- 7:50 [108repetitions](#) without Beloved he says
- 7:50 [Silverdale](#) and Simmon ...
- 7:51 [Simmontemplar](#)
- 7:51 [Silverdale](#)
- 7:52 [Simmontemplar](#) On the outside -the outcome - may look the same, but the centre of decision is totally different
- 7:52 [Pathworld](#)
- 7:54 [Lost horizon](#) Thanks, Piandjo - never looked at that book from that standpoint
- 7:54 [108repetitions](#) why she desiree to much, for more time in that space?
- 7:55 [Silverdale](#) We shift the center-of-gravity to the attention of the ES and away from the historical personality ...
- 7:56 [Winnipeg9](#) body of habits has 18 habits some lead to conscious life others to unconscious life. The meaning of Zen is banging out a habit that leads to unconscious life with a habit leading to conscious life habits in themselves are not conscious or unconscious in themselves
- 7:56 [108repetitions](#) why these people ago did not understand anything? stop theatre Absolute please
- 7:57 [Silverdale](#) Well said ... good point ... Winnipeg ..
- 7:58 [108repetitions](#) say something Absolute, i dont understund this situations
- 7:59 [Simmontemplar](#) Comment: I guess Silver and Piandjo is that there is a big difference between "WILL" and will power - both have a different origin, although in the outside both look the same. But they are not
- 7:59 [108repetitions](#) i am Absolute because nobody see me ?

- 8:01 [108repetitions](#) if this is not the angelic choir what is you're position
- 8:03 [Lost horizon](#) human, as far as I can tell
- 8:03 [Simmontemplar](#) In deed David; ...indeed
